

PORT VINCENT — South Australia**PROGRESS ASSOCIATION REPORT— APRIL 2020**

What extraordinary times we live in with the current COVID-19 Pandemic, things have been changing not only daily but just about hourly!

I have taken the opportunity in this A Focal Point just to reinforce the message that is being promoted by the authorities.

Over the past weeks the Prime Minister has announced some fairly strict measures to slow down the spread of COVID-19 within Australia. Some of those measures include the closing of all public gathering places such as pubs, clubs, sporting organisations, entertainment venues, casinos, gyms, cinemas, churches.

Restaurants and cafes will also cease trading unless they have take away options for their patrons. *(note this is not a complete list of closures as it is updated regularly by the Federal and State Governments)*

We are only just starting to understand the severity of this pandemic and the restrictions that have been placed on us individually, as well as in our community. It is only common sense that if the number of new cases does not plateau in the near future, then even more drastic measure will be implemented by the government .

The restrictions are there to help protect you and your family..

Good hygiene practices like washing your hands regularly / covering your coughs and sneezes with a tissue and social distancing are the best way to protect yourself and others from COVID-19 and other colds and flus.

These restrictions will impact on our community in various different ways and they also present a challenge to our traders.

It's also a good point to make that we should rely on up-to-date credible sources for information and not just rely on social media only.

Official sources of advice and information can be obtained from:

Australian Government Department of Health <https://www.health.gov.au/resources/collections/novel-coronavirus-2019-ncov-resources>

SA Health: www.sahealth.sa.gov.au/COVID2019

Australian Government Coronavirus Health Information Line: 1800 020 080

The new government restrictions clearly state that we need to limit our social contact. By staying at home, and discouraging relatives to come to our community for a holiday this will go a long way to protecting ourselves and our community.

Social distancing is now a part of our everyday lives and must be adhered to.

The Yorke Peninsula Council has also advised that they have postponed or cancelled all non-essential events for April and the beginning of May. **The list of cancellations or postponements could increase when the authorities make a further assessment.**

Please check the YP Council Web-site for further details <https://yorke.sa.gov.au/covid-19/>

Editor's Comments

So much has changed in our town, and in the world since I completed March's A Focal Point. The social distancing and self-isolation required to fight COVID-19 has impacted our lives in ways we would never have thought possible. All of us will know of someone who has lost their job, or had to close their business. Our community groups and businesses have been stoic in following the guidelines set out by the Federal and State Governments. On behalf of our residents a big "thank you" for following these regulations, and therefore ensuring the safety of all our residents.

For those residents without internet access who rely heavily on the social interaction of meeting with their peers each week, this has been incredibly difficult. The impact on our local businesses has been enormous—with some closing temporarily, and some adjusting their businesses to adapt to the new regulations. *We must do our best to support our businesses through the coming weeks and months and beyond.*

However, I think that you would agree that not all this change has been bad. I would urge you to read Linda McCabe's article on Page 22— it is such a positive article which stresses that this is only a temporary blip, and if we do the right things then we will be back to "normal" very soon! Our community has always supported each other, but we have risen above the negativity of COVID-19 and definitely taken this to a new level. The care and concern shown to others has been uplifting!

A huge shout out to Jo Barrie and Janet Cameron who have registered our town on the Viral Kindness app (through WhatsApp) - please refer Page 3 for details. They saw a need in our community, and have given our residents an opportunity to continue to connect with each other even in self-isolation.

Thank you to Dot Godfrey for her profile on her mum Eva Davis and her brother Robbie (Page 5) - we wish all our older Australians who are currently in residential care homes our best wishes.

These are difficult times. Personally the most difficult thing for me is to adjust to not being in control of my own destiny. As a baby boomer, I have been so lucky to have led a wonderful life—growing up with the freedom to play outdoors, with parents who had experienced the war years, the food coupons, and restrictions on purchases, etc and gave me all the things they had missed out on. My father lost the best years of his VFL football career whilst serving his country in PNG, and came home, had to find a career path and to begin a new life as a family man, away from the mateship he had grown used to. This story is not a singular experience—I am sure that within our community there would be some who can remember the depression years in Australia, and how they came through the other side, with a wealth of experience to be able to tackle whatever life threw at them! If you have a story to tell about overcoming adversity, I would love to hear from you!

Having said all that, you may experience some "dark times", and these are expected in circumstances such as this. If you need help at all please reach out to Beyond Blue <https://www.beyondblue.org.au/the-facts/looking-after-your-mental-health-during-the-coronavirus-outbreak> and for those of you who are missing your holiday experience—try this web-site!!

Port Vincent #ViralKindness

We're all in this together

A **PortVincent#ViralKindness** group has been established for the community to help support each other during the coronavirus crisis. Whether it's offering help, asking for help, sharing, shopping for food, picking up medicine or a regular check in phone call, there are lots of ways we can stay together, even when we're apart!

To join the Port Vincent online group:

1. Go to viralkindness.org.au
2. Click on 'search group' and put in 'Port Vincent'
3. Click on 'join group'
4. Click on 'join chat' through WhatsApp
5. If you don't have WhatsApp, scroll further down the page to download it!

PLEASE SHARE THROUGHOUT THE COMMUNITY

No act of kindness is too small and it can make a really big difference to each other's day!

We also appreciate that not everyone is connected via the internet. If this is you, we recommend you create a support group/network amongst your friends, church, social group or street, to help keep in touch and support each other. Or you can phone, drop a note off to neighbours or use the template below.

Personal Profile—Eva Queenella DAVIS

Our profile is a lady well known to the town, not only for her generosity and kindness, and also for her many talents. Eva moved to Port Vincent in 1965, and left to take up residence in a Residential Care Unit at Minlaton.

Eva says she was named after the Queen! She was born at Iron Knob, on 3rd November 1928, weighing a tiny 2lb 2oz, she fitted into a shoe box!

Born to parents, Reg and Doll Mason, Eva had 4 brothers and one sister. They all attended Bublacowie School. Eva started school at the age of 10. One day Eva and her sister Jean decided to wag school. They hid in a paddock for a while until they thought it was safe to come out. On their travels they came across a mulberry tree. They both had an idea, so they covered their faces, arms and legs with mulberry juice to disguise themselves! But, unfortunately it didn't work, they were soon found and returned to "face the music". Eva left school at the age of 13 to help out on the farm. Shortly afterwards Eva and Jean left home and both started working at the Yorketown Hospital, Eva as a housemaid, and later joined Jean in the kitchen.

Eva recalls an old man being admitted to hospital one day. Rissoles were on the menu that night, she served up tea, he loved the rissoles that much that he wanted more. Next morning Matron said that unfortunately the man had died that night. Eva thought to herself that it could have been the rissoles!

Eva met her late husband Bob, and they married in 1950. They had 6 children, 2 girls and 4 boys, all of whom attended the Port Vincent school. When Bob passed away, and the children left home Eva and Robbie led a much quieter life although both she and Robbie still attended CWA, Blue Bush Club, Senior Citizens, and Robbie loved being involved with Tidy Towns.

Eva always kept herself busy sewing, knitting crocheting, etc. Robbie was a great help to Eva in the house, and loved collecting bottles and cans for recycling. He was always so happy to say that he had enough money to buy Christmas gifts for his family. On his daily trips to the shop for his mum, Robbie would always say "Hi" to residents and visitors alike. As time went on Eva's health deteriorated and she was unable to care for herself.

Eva is now in the Residential Care Unit at Minlaton. Robbie spent 12 months with Dot and David at Edithburgh before moving into his own unit in Minlaton. He is close by to his mum, and is loving his independence—he is still "on cloud nine".

BIGGEST MORNING TEA

On behalf of Port Vincent RSL Sub Branch and Cancer Council SA it has been decided not to hold our Biggest Morning Tea in May due to the restrictions put in place by the Australian Government.

We will of course be holding our Biggest Morning Tea when the restrictions are lifted. If you would still like to donate to the Cancer Council, this can be done via their website: <https://www.cancersa.org.au/> or just save your money and we will be in contact with you when the restrictions are lifted.

Sue Pike
Assistant Secretary/Biggest Morning Tea Convenor
Port Vincent RSL Sub Branch

Tidy Towns Focal Point Report – April 2020 Issue

March has bought with it major concerns about the situation of the COVID-19 impacting on all Australians' lives and how we at Tidy Town's will operate over this trying period.

It was decided on 25/03/2020 that our normal work day of Tuesday will stop following instruction to reduce public gathering numbers.

Our normal operation was to work, then have a social morning tea break with all members present.

This will now stop.

We have decided that we now need to divide our working hours over the week, with our recycling bin pickup day still being Tuesday, but bins may not be picked up until Friday. If members of the community wish to deliver their recyclables to the shed at Bennett Park, we will have bins available to receive them.

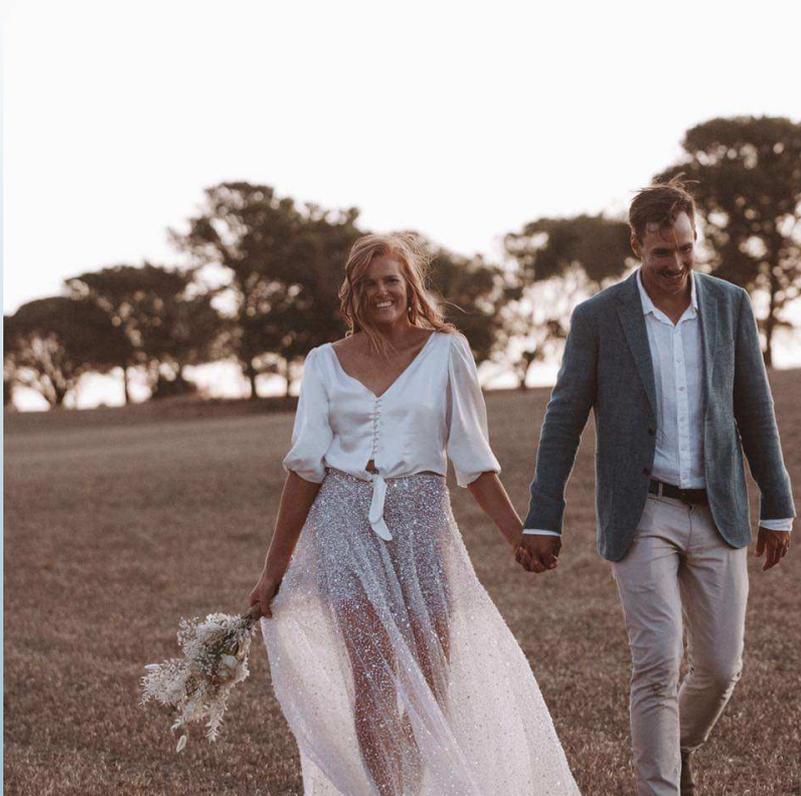

We will adhere to current regulations regarding hygiene for both members and our work area. We will restrict member numbers attending the shed, with those members being allocated either recycling duties or general duties (such as street tree watering) around town.

Our rabbit eradication program may be delayed, but we will endeavour to get it underway as soon as possible. We will review this change on 3/04/2020 and advise the Community via notice boards around town.

Des Chambers
Secretary

Recycle Plastic

A JOYFUL EVENT

Kate Easter, originally from Ardrossan married Sam Pfeiffer from Murray Bridge on the 6th March at the Port Vincent Golf Course. They have made their home in Mt Barker.

The wedding was held in its entirety at the Port Vincent Golf Course. The ceremony was held on the lawn in front of the Golf Club with Lucy Short as the marriage celebrant, and the reception was held in a marquee on site.

(please see Page 7)

ST NEOT'S ANGLICAN CHURCH (Ministry District of Yorke Peninsula)

As this goes to print, our church services and the Op Shop have been suspended. Please watch our church door for any information that comes to hand.

All are welcome to our pastoral care the contact details are as follows:-

Local Priest:-	Anne Ford.....(0418 304 663)	anneford3@gmail.com
Lay Minister:-	Pam Biggs.....88537340	

During this Covid-19 Pandemic we are all in limbo regarding the future months of 2020. I can only stress the importance to watch out for your social distancing and hygiene. Maybe the Lord has sent this virus for a reason to not take things in a materialistic world for granted, for us to go back to basics and to treat one another with respect.

It has come in the middle of Lent, the lead up to Easter, an important part of the Christian Calendar, so come April 10th-13th, truly think, meditate and pray to the Lord, remembering why he died on the cross for mankind.

The Way of the Cross leads to God. By Helen Steiner Rice

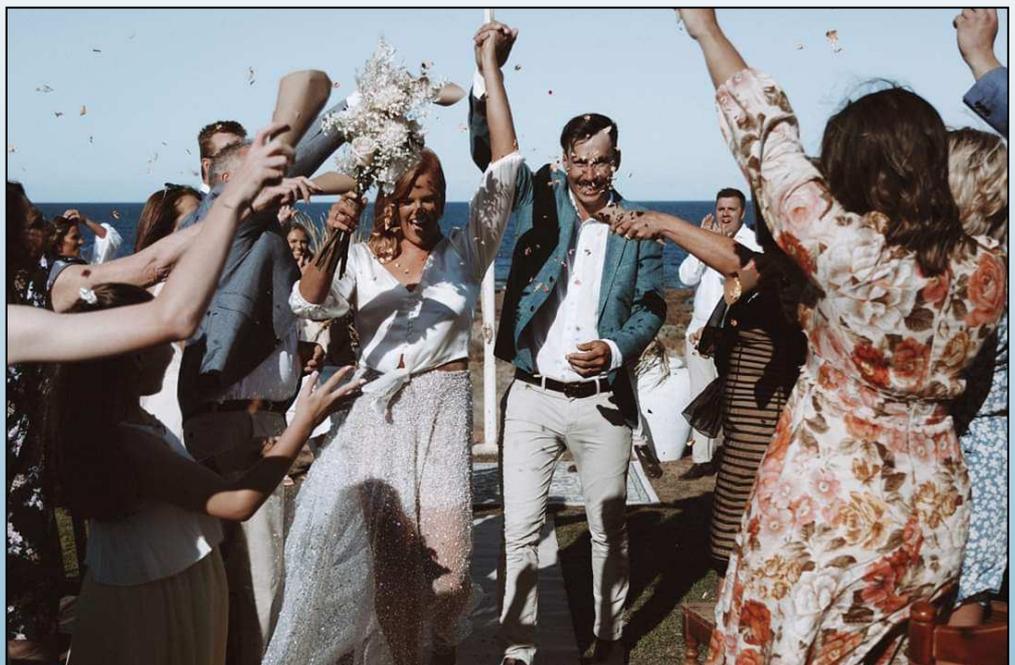

He carried the cross to Calvary, Carried its burden for you and me,
There on the cross He was crucified and, because He suffered and bled and died,
We know that whatever "our cross" may be, It leads to God and Eternity.....
For who can hope for a "crown of stars" unless it is earned with suffering and scars,
For how could we face the living Lord and rightfully claim His promise reward
If we have not carried our cross of care and tasted the cup of bitter despair.....
Let those who yearn for the pleasures of life, and long to escape all suffering and strife,
Rush recklessly on to an "empty goal" with never a thought of the spirit and soul.....
But if you are searching to find the way to life everlasting and eternal day —
With Faith in your heart take the path He trod,
For the way of the cross is the way to God.

All take care in the days, weeks, months ahead and stay safe.

Pam Biggs

Guests celebrate the wedding of Kate and Sam.

BLUE BUSH NOTES

February 24 - 12 members and two visitors attended our last meeting in the Institute's supper room as it will close for kitchen renovations.

After much chatter and a cuppa, some members joined in stretching with the noodles. Minutes were read and we discussed packing up all our Bluebush gear to be moved out by March 1. Discussions were shifted to Lyn's 70th birthday celebrations and it was decided to go to lunch at Blue Lime Café at Stansbury.

Members decided to meet on the public holiday Monday March 9th and to buy lunch from the local deli. Members were asked for things to do for the coming year. We filled in our time playing card games, board games and Rumakins.

Members lunched on cold meats and salads provided by Jane, Sue, Geraldine and Marilyn. Our dessert was a delicious sponge made by Jeanette and to celebrate Jenny O's birthday. Jenny also received a handmade card and flowers made by Jeanette. Thanks goes to all who helped clean up.

March 9 - Thirteen members met on the public holiday for Adelaide Cup Day in our new meeting home at the Port Vincent Uniting Church. Most enjoyed some breathing and stretching exercises with bands and balls. Our Greeting Song was sung and minutes read.

We finalized Lyn's birthday and agreed to meet at the church hall prior for coffee and chatter.

Members lunched today on fish and chips and fruit salad and ice-cream for dessert.

Different card games and Rumakins were enjoyed by all.

It was agreed members seemed to like the new meeting place and look forward to lots of happy times ahead.

March 23 - Coronavirus Pandemic has hit the world and life as we know it will be very different for several months to come. Our group of strong-willed women have gathered together to meet using good social-distancing and good hygiene until we are told otherwise.

Ten members set up tables and spaced chairs apart and we sang our song and minutes were read. We enjoyed our morning tea together and the morning soon past as we each told humorous stories about ourselves. Jane entertained with several comical newspaper snippets.

Members enjoyed a sumptuous pooled lunch. Our dessert was a beautifully decorated sponge to help our trio celebrate their birthdays. Lyn turns 70 in a few weeks, Jude's birthday will be soon and Phyl was on the 18th and she turned 94, how wonderful. Jeanette was kept busy making five birthday cards and five flower posies as well as the wonderful cake. Thanks go to Jeanette. A big Happy Birthday to each and every one of our special ladies.

Joy and Jenny P were absent today but cards and flowers were also made for them to enjoy.

Members all had a great morning with the hope this can continue during the Virus Crisis.

It was agreed to meet on Easter Monday, April 13th with a pooled lunch and fruit and ice-cream for dessert.

However, this meeting has since been cancelled due to COVID-19 restrictions.

We look forward to this type of meeting in the future, as it allows each and every member present to learn more about one another, which can only lead to even greater friendships.

Jenny celebrating her birthday in February

Lyn celebrating her 70th birthday

Phyl and Jude celebrating birthdays in March

RSL REPORT FOR MARCH 2020

Hi all, It is a difficult time for most clubs in the town and indeed the Nation. On the 19th March, the RSL Committee had the difficult task of weighing up the overload of information we had been receiving on the media and from Government organisations.

Hence the decision was made to not have our March meeting, and in fact no more meetings or social events until after June, or upon review of the situation to ease or continue the closure.

We have been advised ***not to hold the ANZAC Service for the community or for RSL members***. However, the War Memorial will be prepared prior to the day. Members of the public can come and show their respect and gratitude for what the service people did for us and also lay their wreath, posy or place a sprig of rosemary into the Cross of Remembrance that will be provided at the War Memorial.

There will be no breakfast this year at the Memorial Bowling Club due to the virus regulations. The RSL and Memorial Bowling Club Members are sorry it has come to this, but it is beyond our power to control the virus and we send our best wishes to all, and hope that you stay free of it.

If you would like to Commemorate from home, donate from home. You can make secure donations to the ANZAC Appeal easily at <https://rslsa.square.site/product/donation-anzac-appeal/18?cs=true> Your donation will help support the advocacy and welfare work the RSL does for veterans, serving ADF and their families.

The social events for the month of March consisted of a movie day in a member's shed with BYO everything, and it was enjoyed by twenty members. Lots of laughter and fun was the order of the day and the COVID-19 Virus was forgotten for a short time.

Our next event was three days later on Wednesday 18th of March at the Dalrymple Hotel in Stansbury where we celebrated Perry Woodward's 70th Birthday and Phyl Clayton's 94th birthday.

To our members not on the well list we send our wishes, thoughts and prayers. To all in our beautiful town and Yorke Peninsula, we wish you all good health and we will see you when the viral dust has settled.

Phyl and Perry smiling coz they made it

Anyone in town can join the RSL, current & ex servicemen and women, family members and those that have an interest in and believe in the RSL.

For further information contact the President Barry Tozer on 0400534305 or the Secretary Trevor Clerke on 0422162204

THE SOUTH AUSTRALIAN COUNTRY WOMEN'S ASSOCIATION INC

Port Vincent Branch

Members enjoyed their tour of Haigh's Chocolate factory in early March. They all made several purchases on the way out. Like all other businesses and organisations SACWA has had to curtail its activities. However, we are still planning to make homemade scones, pasties, sausage rolls, and lamingtons for sale, by the dozen, for delivery, in the near future. **Keep your eyes open for posters around town.**

All Port Vincent branch meetings in the foreseeable future have been cancelled until further notice.

In the meantime, stay well.

For more information call President Kathleen Smith on 0428 746 018 or Secretary Helen Joraslafsky on 0419 001 420.

Visitors are always welcome at meetings and functions.

Helen Joraslafsky
Branch Secretary

Right: Members of SACWA , Port Vincent Branch enjoying their outing to Haigh's Chocolate Factory.

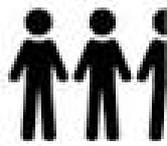

Why social distancing matters

Social distancing of 1.5 metres decreases the exposure of coronavirus (COVID-19).

PORT VINCENT FISHING REPORT—Wayne Crouch

Blue crabs are still around in large numbers and full of meat. Raking will still get you a good feed.

Yellowfin are not as prolific as they could be, but a few are to be had if you show patience and use very light gear. Clickers are the best bait.

Garfish are still around the oyster lease area, and quite a few are being dabbed on calm nights. Remember bag limits apply for dabbing.

Tommies and mullet are starting to appear at the usual spots and hopefully will increase in numbers as the colder weather approaches.

Remember the local IGA and hardware stores carry a great range of fishing tackle and bait.

Please support our local stores when you need fishing gear.

Port Vincent Sailing Club Report—April 2020

Well, like everyone else, our club has been closed down. We had no sailing over the March long weekend, but we did manage to get a really good sail in on the 15th March. And then we were cancelled.

The Saltwater Classic has been cancelled for now, hopefully we will sail again next year.

The results of Race 7, Cup Race is as follows:

Multihulls	Red Beard	Greg Hackett	1 st
	9 Lives	S Slater	2 nd
Trailerables	Amante	A Slater	1 st
	Xtremist	J Bkutler	2 nd
	Cripple Creek	R Cook	3 rd
	Vostock	K Champion	4 th
Monohulls	Proteus	G Butler	1 st

We will have the end of year results in the next few weeks, and they will be published in the next A Focal Point.

The other news is that our intrepid sailor, Alan Rushbrook, is home and in quarantine in Stansbury.

The Clipper Round The World Race has been abandoned for now, but hopefully will be restarted this time next year.

Stand by for Alan's description of the race.

OFFICIAL MEDICAL ADVICE

Coronavirus: social distancing saves lives.

Even if you don't feel symptoms, you must exercise healthy social distancing to prevent the virus spreading to others and the more vulnerable.

Every Australian must play their part to help stop the spread.

australia.gov.au

One assist since last report. A boat with 2 pob, unable to restart motor 500 metres from Ardrossan ramp. Seahound and 2 crew despatched, located boat and towed in.

SAF10 members are thrilled to announce the arrival of our new rescue vessel, which was given sea trials on 16th March. Three members attended. It is a larger boat with more powerful engines, for quick response to Search and Rescue on our Gulf St Vincent waters.

Our current boat “Orontes Star” has served us and the boating community well for 15 years. She was commissioned in March 2005 and has done 1520 engine hours, averaging 27 call outs to assist each year for a total of 405.

Service Awards for members:-

Ross Evans	5 years
Mark Parsons	10 years
Adam Polkinghorne	10 years
Bill Taylor	15 years
Maxine Taylor	15 years

Welcome to our new boat “Vincent Star”.
A great boat and vehicle it should serve the boaties well into the future.

Our recent SAREX for group training on water was cancelled, during March.

SAF10 via a directive from our National Board have cancelled all meetings and training until further notice.

Future events which were planned – Salt Water Classic - SUSPENDED UNTIL FURTHER NOTICE (was 2nd & 3rd May 2020)
June boat show, Wayville— CANCELLED

Yours in Safe Boating,

Bill Taylor,
SAF10 Advisor
28th March 2020

"Swim for Survival at Sea" course (SSSS)

Dear and Valued Customers

Here at Gifts Port Vincent we thrive on providing a place where people can visit, enjoy a smile/laugh or find a unique gift for that special person.

Having said that ,we recognise that we are in no way an essential service and would be heartbroken if we were contributing to the spread of COVID-19. It is great sadness that we have decided to close the store, effective immediately.

We plan to re-open after Easter—depending on instructions from federal or state governments. Thank you for your support and understanding. We hope that everyone stays safe and healthy

Coronavirus update

I am pleased to report that as of today, 24 March 2020, there have been no cases of Covid-19 diagnosed in our electorate. Please all keep up the good work, strictly adhering to the rules about social gatherings and social distancing. Only by being vigilant can we contain the impact of this global pandemic.

Restrictions apply to us all, and for this reason I have been paired from this week's sitting week to reduce the numbers of people working from the Parliament House building, instead teleconferencing and using all digital devices. Other measures our office is undertaking is reducing face to face appointment contact and stopping non-essential gatherings. Be assured I remain available via phone and email.

It has been a particularly difficult week for local businesses, with the mandatory requirement declared yesterday that all hotels, clubs, restaurants, cafes, sporting venues, gyms, cinemas, and churches must close. Today, South Australia's borders were closed for non-essential travel as part of our strong and clear plan to protect the health of South Australians.

The advice is that everybody entering the state must self-isolate for 14 days, with some exemptions that can apply for essential transport such as health and medical supplies, health workers, health personnel and patients, and food and commercial supply chains. For more information phone 1300 232 272 or email: sacovid19exemptions@sa.gov.au

All such measures are recommended by Chief Public Health Officer Nicola Spurrier and her team, with the bottom line being to delay community transmission of this disease which is happening in other parts of Australia but vitally, not yet here in South Australia.

I am aware local health services and staff are under great pressure but was pleased this week that a designated 7-day COVID-19 testing facility was opened at Wallaroo Hospital, along with testing clinics at Maitland, Yorketown, Minlaton, Port Broughton, Snowtown, Port Pirie, Balaklava and Jamestown. All patients are required to be GP assessed prior to testing.

We must continue to keep working together, washing our hands thoroughly and regularly, staying apart 1.5 metres when we need to visit supermarkets or offices like Centrelink, and be kind to each other. Remember too, to try and support local businesses, including restaurants and pubs which are continuing to offer take away food. The advice is that schools at this time will remain open and are safe places for students to attend. However, parents can choose to keep their children at home if they wish.

Please let us all try and stay positive. Groceries, fuel and medical items will always be available and are not in short supply – any empty shelves in our supermarkets is due to restocking issues, not supply threats.

Stay updated via www.australia.gov.au and the National Coronavirus Hotline is 1800 020 080. For Centrelink assistance visit www.servicesaustralia.gov.au or phone 13 28 50.

The Maitland electorate office remains open Monday-Friday, 9 am to 5pm, for further assistance.

Port Vincent Natural Health Centre

Well at the time of writing we are still opening on Wednesdays, **With plenty of changes to ensure your health and minimise risk (which we take very seriously).**

Extra cleaning is occurring everywhere.

*we are disinfecting the treatment table before every patient,

*sanitising hands before / after every consultation,

*creating extra spacing in the waiting room to improve social distancing,

*providing more time between appointments to enable more extensive hygiene procedures and minimise patient contact.

In these times of uncertainty and rapid change we will continue to stay on top of the latest advice from the Health Department and Professional organisations to ensure our care and practice maintains its standards. We want to continue to help you promote your health.

Due to the uncertainty regarding jobs and incomes we have also decided to share the load and reduce our fees by about 30% for the foreseeable future.

It is our hope that this provides you, and your family, with some peace of mind that should you need care we are here and affordable to keep physically fit, provide mental wellbeing and promoting your health!

On the positive side, it is great to see preventative health care measures getting some attention!

Keep washing your hands and practice social distancing.

Keep well

Barry Steele

AN UPDATE FROM YOUR LOCAL IGA SUPERMARKET

Due to widespread panic buying, many types of products are in short supply or totally unavailable. This has had a flow on affect on other areas of the supply chain such as transport, meaning that other seemingly unrelated areas have been impacted.

The most publicised product shortage has been toilet paper. The three main manufacturers are working around the clock to replenish stocks in warehouses and distribution centres to then flow on to supermarkets and then to you, our customers. It is important to realise that there is NO real shortage of stock as such. Just a big gap in the supply chain. *It will be filled but will take some time.* A month or so seems to be the best estimate.

Panic buying has also heavily impacted many other areas such as pasta and rice, flour, sugar and long life milk. Some areas of frozen food like vegetables and pizzas have also been hit. Cleaning products, hand washes, soaps and anti bacterial washes and wipes are also struggling. **Unfortunately hand sanitiser will not be in reasonable supply until late April at best.**

However, our stock ordering restrictions are gradually being increased, but it will take time to access all the stock we need to replenish our store. We are restricted both in a total carton limit and also restricted to limits of one, two or three of any one item depending on the type. For example, *at the moment we are not allowed to order toilet paper at all.* A share of stock is sent to us when it arrives in the warehouse. So, sometimes we win and sometimes we lose. These restrictions are to enable the distribution centre to cope with unprecedented demands as well as to ensure a fair spread of available stock across stores. Our situation is not helped when we receive 52% of our stock limit because the rest was unavailable from suppliers into the warehouse. This occurred last week when we got 315 out of a limit of 600 cartons. *This week coming our limit has been raised to 800 cartons, so things are improving.*

Fruit and vegetable prices have skyrocketed on some lines. Huge demand nationwide and short supply have meant a bidding war between the state markets to have stock. We have done our best to reduce our margins to keep prices as reasonable as possible. It may not seem that way but we have. The market on Friday 27th would indicate prices are heading down. Though some things such as broccoli, caulis, lettuce, potatoes and celery are still pretty dear.

For people who have been forced into self isolation, help is at hand. Last week IGA nationally has been working on setting up an online shopping option. We have signed onto this, and expect it to be available this week. This has been initiated through discussions with the Federal Government. If you are in that situation of compulsory self isolation, and need assistance with food supplies, call us at the IGA and we will assist as best we can.

Most importantly there is no need to panic buy. The CEO of IGA is in daily discussion with high levels of Government, and supermarkets are amongst the essential services to stay open. So **we will not be closing.**

*******We will still have the IGA weekly specials although catalogues are not being printed at this stage*******

We would like to publicly thank our staff for their efforts over the last few weeks and for the time ahead. It is important to remember that they are putting themselves out there to assist you. We also appreciate the patience and attitude of our customers. Most behave appropriately given the circumstances, respecting space and the difficulties we face.

Keep Safe
Ron and Peta

Advice from the Australian Veterinary Association to pet owners Client information sheet COVID-19 and companion animals

What is a coronavirus?

Coronaviruses are a group of viruses that infect birds and mammals, including humans. They are often associated with the common cold, bronchitis and pneumonia, and can also affect the gut. The virus that causes COVID-19 is also a coronavirus and likely originated from a wildlife reservoir.

Canine coronavirus, which can cause diarrhoea, and feline coronavirus, which can cause feline infectious peritonitis (FIP), have been seen by veterinarians for many years. They do not cause infections in humans. These coronaviruses are not associated with the current COVID-19 pandemic.

Can COVID-19 infect pets?

There have been reports from Hong Kong that a dog owned by a patient with COVID-19 has tested positive to the presence of the virus in its nose and mouth. This may be a case of human to animal transmission, however the dog's first blood tests have been negative. At this stage there is no evidence that pet dogs or cats are a source of infection to other animals or humans. We are continuing to monitor this situation and will provide updated information as it becomes available.

Should I avoid contact with pets or other animals if I am sick with COVID-19?

As the outbreak continues, a number of pet owners will be placed in quarantine, either with confirmed COVID-19 infection or due to exposure. We know that your pet is part of your family and you will want them to have the same level of protection and care as any other family member. Current information suggests there is no apparent risk to you or your pet from being in quarantine with you. However, we do advise all pet owners continue to practice appropriate hand hygiene before and after handling their pet, their food and washing food/water bowls. At no stage should pet owners do anything that may compromise the welfare of their pets. We suggest minimising close contact with your pet during this time, such as hugging, face to face contact or sleeping on your bed.

What do I do if I am in quarantine or self-isolation and my pet is unwell?

If you are in quarantine, do not break quarantine to take your pet to the veterinarian even if your pet is unwell. By doing this you will put your veterinarian and staff at risk of infection. Ring your veterinary surgery first and ask for advice. If your pet needs to be seen, your veterinarian will be able to work with you to ensure your pet will receive the care they need, while keeping themselves and their staff safe from COVID-19 infection. If your vet provides house calls, please let them know you are under quarantine before they arrive.

If you have any other concerns about your pet, please ask your veterinarian.

Note that this is a rapidly evolving situation and advice provided here is reflective of the evidence at hand (16-03-20). For up to date information on the COVID-19 situation in Australia go to [health.gov.au](https://www.health.gov.au)

Vet 2 You Port Vincent has an on-call after hours vet available outside of business hours.

Please do not hesitate to contact us if you have any concerns regarding seizures or other health issues for your animals.

We can be contacted on (08) 8853 7273.

Port Vincent Bowling Club

Wow, what a season and what a dramatic end with all pennant finals and future upcoming events at the club to be suspended until further notice due to the COVID-19.

We would like to congratulate all our members on a very busy year both on and off the green.

On the Green, congratulations to the Gold Team winning the Men's Wednesday Pennant Grand Final, congratulations to the Open Div 1 for playing in the elimination final and Congratulations to the Ladies Div 1 and Div 2 Pennant teams on making the Semi-final which was due to be played at Curramulka on the 12th March, but unfortunately was cancelled under the directive from Bowls Australia to suspend the season due to COVID-19.

Club Tournaments were all able to be completed even though the last couple of finals had to be played under the distancing and no touching rule implementation. We would like to thank everyone for participating in the club tournaments and pass on our congratulations to the winners and runners-ups.

Open Champion - Ron Turnbull defeated Len Easterher

Ladies Champion - Kim Bolger defeated Merrilyn Lovelock

Open Pairs - Ron Turnbull/Chris Tschirpig defeated Bryan Tuttle/John Curnow

Ladies Pairs - Merrilyn Lovelock/Lyn White defeated Trish Smith/Jude Clayton

Ladies Handicap - Shirley Wakefield defeated Merrilyn Lovelock

Ladies 100up - Trish Baum defeated Vanessa Germein

Open Div 2 Singles- Bryan Tuttle defeated Tom Salmon

Mixed Pairs Ron Turnbull/Vanessa Germein defeated Len & Vickie Easterher

Open Handicap Singles – Rob Marner defeated Jon Skuse

Off the Green

Bingo and Night Owls proved to be a huge success and we thank all the locals and visitors who continue to support these events which are always well supported. Bingo during the January school holidays welcomed over 150 people on a couple of occasions.

Thursday night teas were once again held every Thursday fortnight, although at times numbers were lower than previous years. Once again this is a great social outing for everyone to be involved in.

January Long weekend brought with it the annual King of the Gulf Sailing event held in PV. This event provided an opportunity for the bowling club catering committee and members to put their culinary skills to the test. Salads were prepared at the bowling club to accompany the BBQ for 170 sailors, that was held at the PV Marina on the Sunday night, and on the Monday night, the Bowling Club hosted the presentation night for the event with 140 guests enjoying a two course dinner. The participants were so impressed with the hospitality and the food that the Bowling Club members provided. They will be back again next year and beyond.

We would sincerely like to thank all our sponsors and members for another great season. We wish you all the very best with the current situation we find ourselves in, and reiterate it is important to be kind to each other and stay safe.

Below: Ladies Club champion, Kim Bolger with Runnerup Merrilyn Lovelock

Port Vincent Uniting Church, Affiliated with Generate Presbytery

LOVE ONE ANOTHER

Love one another and help those in need, regardless of colour, race, church, or creed.

WORSHIP SERVICES

All services and associated groups have been cancelled until further notice.

*Hatred stirs up dissension, but love covers over all wrongs.
Proverbs 10:12*

Today concentrate on helping others and grasp each opportunity to offer encouragement and assistance.

SALLY STAMP

Help raise money for World Mission by collecting stamps. We ask that you hold onto the stamps until our Drop In Centre resumes.

U3AYP CURRENT COMMUNITY STATUS

As with so many other organisations and businesses, unfortunately U3AYP are cancelling all courses until further notice. This direction comes from U3AYP President Heather Simpson in the interests of the well-being of members. Whilst it is understood members would be responsible in the protocol of distancing and hygiene while attending, many courses would be affected by these restrictions. It is hoped all course will resume as soon as possible.

As we are all aware information regarding the Coronavirus is changing daily, even hourly, so the information I have given was current at time of submitting this article.

Course News

Mah Jong in Port Vincent has seen the addition of a new Port Vincent member after she initially did the Mah Jong for Beginners Course and found it so interesting along with the socialization that it provides.

This course is normally held weekly in school term time but for now has been cancelled along with all other courses until further notice.

The new Course 'Conversation and Coffee' was held in Minlaton Library and this has the interest of some Port Vincent members also. More news on this course will come at a later date.

A Games Day was held in March at Ardrossan and had fourteen members attending – feedback was that they all enjoyed the day. Leader Lynden Burman ensured several games were available with Mexican Trains, Canasta and Sequence showing popularity.

Please continue to take care of yourself and each other, one of the many positive things about U3AYP is all the friends you make. Whether you are isolated or not, make a call to a fellow member, neighbour or friend. Check if they need supplies, have a chat, share a story and keep each other informed about what is going on around us.

Further information about U3AYP is always available by phoning any of the following members:-

Joyce 0427792271; Irene 0429805901; Sue s or Helen 88322381

*Sue Mulraney,
U3AYP Publicity Officer*

Rebuilding Port Vincent for the Summer of 2020

In testing times it's important to lift our heads and consider what spring and summer 2020 will look like in Port Vincent.

Port Vincent is a town with generations of families visiting and those generations of families have lived through tough times and we can draw on their experiences to help us all now.

The weather will be warmer and we hope that the Australian community will be in a better place. Looking forward to Christmas and a long hot summer break, with the current health challenges we are facing as a community behind us.

The economy will slowly recover, *so how can we help our beloved Port Vincent and Southern Yorke?*

When all is clear, encourage your friends and families to book ahead and share Port Vincent. The experiences of fishing off the jetty, sailing over for lunch, having a barista made coffee, enjoying a great meal and stocking up on your hardware needs as well as buying some gifts for loved ones for the holiday season at the local shops.

The crabs will be waiting to jump into the pots ... so ask your friends and family to 'book us out' and 'book ahead' ...

We can encourage our sailing and caravanning friends to join us for a few days, walking the Yorke and supporting local businesses.

Why not have the car serviced while you are on holiday? as well as having a haircut and beauty treatments so think ahead to help support Port Vincent in readiness for the recovery.

Have your toes pampered or encourage your visitors to book in for a 'recovery massage' or have their toes pampered by our local podiatrist.... it all helps in making the Spring and Summer of 2020 in Port Vincent memorable for all the right reasons.

Your family's pets will be coming over as well, so why not have them booked into the local vet for their annual check up.

Our beautiful new community kitchen will be finished, ready to hold those special events **family reunions will be top of the list.**

Spring will be upon us in no time. Don't forget to use the services of the local gardeners and landscaping as well as the cleaners to get "summer ready".

Pencil in reminders to start those weekly esplanade Friday walks with old and new friends.

Christmas get-togethers for our beloved Volunteering Organisations will also be on the agenda.

So please start planning ahead, and think about the Spring and Summer of 2020, and how we as a diverse community who love our amazing little town will support its recovery.

A list on the fridge door is a good start - jot down what you will be asking your Adelaide family and friends to do in the coming months, when they visit to help make the Spring and Summer of 2020 in Port Vincent the best ever and you never know they just might want to stay!!!

Linda McCabe

**Editor's Comment: Thanks so much for this amazing article, Linda!

ASSISTANCE AVAILABLE FOR BUSINESSES/SELF EMPLOYED

State and Federal Governments are offering assistance packages to businesses to assist them at this difficult time.

The following web-sites may assist our Port Vincent businesses with navigating the "how do I apply", "what am I entitled to" questions:-

Regional Development Yorke Peninsula:

<https://www.yorkeandmidnorth.com.au/what-we-do/covid-19-support/>

Helpline for Small Businesses:

Looking for answers? The www.business.gov.au Hotline – 13 28 46 – has been expanded to provide specialist advisers and extended hours to support small and medium businesses impacted by the pandemic. You can talk over the phone, live chat or email.

Business SA web-site:

<https://www.business-sa.com/covid19>

Information is available on the above web-site, and also free webinars are available for non-Business SA members (in conjunction with the Office of the Small Business Commissioner).

Yorke Peninsula hooded plover season rated one of the best

A dedicated team of volunteers on Yorke Peninsula has recorded the survival of 15 more hooded plover fledglings than last year, exceeding breeding season expectations for the shy and vulnerable shorebird that lays its eggs on the beach.

This year's data shows 19 hooded plover fledglings from 14 pairs, compared to four fledglings from three pairs the previous season. In 2017/18, there were 12 fledglings from eight pairs and nine fledglings from four pairs the year before.

The news is a welcome boost for volunteers who work hard to help hooded plover parents sustain their tiny, camouflaged chicks until they can fly at five weeks of age. Hoodies, as they're affectionately known, are particularly vulnerable because their nests are exposed, shallow scrapes in the sand and they hatch during the most popular months for beach goers. They survive against the odds by avoiding unsuspecting people and their dogs, vehicles and numerous other predators while they forage for food near the water's edge.

Left – Seven-day-old hooded plover chicks foraging for food near the water's edge (Photo credit: Glenn Ehmke)

Right– Adult hooded plovers strive to keep their eggs and chicks safe during breeding season (Photo credit: Coral Johnson)

Perhaps whilst practising our social distancing we might be able to do some bird watching around Port Vincent?

**All copies of A Focal Point are now available on the Port Vincent Progress web-site at:
