

We hope this letter finds you well. We are reaching out to inform you about upcoming projects that the Progress Association would like to pursue over the next 12 months. These projects aim to enhance our community spaces and improve the overall experience for residents and visitors alike. However, we recognise that Rome wasn't built in a day and we **would like your opinions on which project should be the focus** of the Port Vincent Progress Association in 2024.

**A. The Oval Project:**

The Oval Project aims to enhance the recreational spaces within our community, providing a multi-functional area for residents of all ages. This project includes the development of an oval that can be utilised for various activities such as sports, fitness, and community events. Please see attached the initial design for the entire area. Due to costs of the large scale project, we would initially start with one area – which is likely to be the pump track.

**B. Refurbishment of the Foreshore Toilet Block:**

The existing foreshore Toilet Block is overdue and in need of refurbishment to meet modern standards of hygiene, accessibility, and aesthetics. Your feedback on the design, facilities, and any additional features you believe would enhance its functionality, is crucial to ensure the revitalisation aligns with the community's needs.

**(letter continues on Page 9)**

(continued)

**C. Playground Shade Sails:**

In our effort to create a safer and more comfortable environment for families and children, we are considering the installation of shade sails over the foreshore playground area. Currently we have had a wonderful volunteer and subcommittee who have completed the majority of the leg work in attaining quotes. Please see attached pictures.

Feedback is essential for growth and improvement in any context. It provides valuable insights, it identifies areas for development, and fosters continuous learning. Constructive feedback empowers individuals and organizations to make informed decisions, enhance performance, and adapt to changing circumstances, ultimately contributing to their overall success and effectiveness. Below are a few ways that you can provide feedback to our committee.

**Community**

**Input**

**Session:**

If you would like to discuss these projects, please attend the Progress Association Meeting on the 8<sup>th</sup> of February at 7.30pm. The meetings are held in the Port Vincent Institute supper room, and *we encourage all community members to attend anytime.*

**Submit Your Feedback:**

If you are unable to attend the community input session, we encourage you to submit your feedback via [pvpaevents@gmail.com](mailto:pvpaevents@gmail.com) or alternatively by completing a survey through this link <https://forms.office.com/r/rsJD86iinE> . Alternatively, you can post a letter to Kristan Every, Post Box 91, Port Vincent SA 5581.

**We look forward to your involvement in this exciting initiative, as we work together to create a more vibrant and enjoyable community space.**

Thank you for your time and collaboration.

*Sincerely,*

**Kristan Every**  
**PVPA President**
