PORT VINCENT PROGRESS ASSOCIATION

Over the past couple of weeks we have had a few changes to the Port Vincent Progress Assn Committee: Chris Key, has resigned his position as Chairman. Linda McCabe has resigned as Secretary due to her work commitments in Adelaide. Both Chris and Linda are remaining on as Committee Members.

It is the intention of Port Vincent Progress Assn to move forward working together to complete all projects currently underway. Your Committee is doing it's best to keep Port Vincent progressing in a positive manner.

All members of the Community are welcome to volunteer on any project being undertaken by PVPA, volunteers do not need to be members of Progress Association. A variety of volunteer roles are required to drive projects forward from start to completion.

We will be publishing these voluntary roles in future issues of A Focal Point and we welcome you as members of the community to come along and offer your services, especially if the role suits your expertise.

We are looking forward to our fabulous community moving forward with a positive attitude and productive future.

The PVPA AGM will be held in July, if you would like to join the Committee or vote for a specific person to fill a role, please come along to the AGM. The AGM will be advertised 21 days prior to the Meeting, it will be advertised in The Country Times, A Focal

As a result of Gala Day, Special Events Committee contribute surplus funds back to community groups. The break down of 2018 Gala Day distribution of funds is as follows:

\$10,000	Progress Association section 5 Urban Development Fund
\$2,000	Progress Association general funds (Office Management)
\$500	CFS Building Fund
\$250	Coast Guard
\$250	Pt Vincent /Minlaton Ambulance

This is a generous gift from Special Events Committee, and on behalf of Port Vincent Progress Assn and the other community groups a very big "thank you". The funds will certainly help.

THE SOUTH AUSTRALIAN COUNTRY WOMEN'S ASSOCIATION Port Vincent Branch

The Spencer Group Branch Officers Meeting on 5 March finalised the schedule for the Group Day to be held at Curramullka on *Monday 14 May*.

Mrs Marie Lally, former SACWA State and CWA National President, will attend and speak about her experiences. Port Vincent branch is responsible for organising morning tea and the raffle.

Five branch members attended the SACWA State Council which was held at Port Augusta on 14 and 15 March. They enjoyed the hospitality of the host branch, networking with other members and taking part in decision making for the future of the association.

The big news from the State Council is that the **March 2019 State Council will be held at Port Vincent**, bringing visitors from branches throughout South Australia.

A Pancake stall will be held on the Wharf on **Easter Sunday morning**. Pancakes and home-made biscuits - and, of course, raffle tickets - will be on sale!

The 11th April meeting will be a Mystery tour – see the May issue of 'A Focal Point'.

For more information call President Kathleen Smith on 0428 746 018 or Secretary Helen Joraslafsky on 0419 001 420.

Spencer Goup members at SACWA March Council:

BLUE BUSH CLUB

Fourteen members and three visitors attended the Institute for our second meeting of the year on February 26.

Marilyn showed members some new stretching exercises and after a walk or two around the main hall we armed ourselves with a welcome cuppa.

Our new coordinator Geraldine welcomed all including our visitors and we all sang our Greeting Song.

Discussion took place about our meeting on March 26. The ambulance crew (Robyn and Keith) will be here to show us the vehicle and talk us through an emergency. Looking forward to that.

Jane read the previous minutes. Progress has agreed verbally for the club to purchase a metal cupboard for our bits and bobs.

Lunch was arranged for the March meeting. Members will be asked to contribute to a donation to the Ambulance fund on that day.

Sylvia presented an excellent speech to Jeanette on behalf of all club members. It gave tribute to Jeanette for her involvement with Blue Bush over many years. On behalf of the club members Sylvia gave Jeanette a thank you card and a voucher for the local hairdresser.

After several lively and noisy games of Bugs, members enjoyed a delicious cold serve with refreshing salads provided by several members. Birthday cake made by Jeanette for Jenny O followed for dessert. Jenny also received a posy and a handmade signed card.

Thanks again to Robbie for the dishes and members who helped tidy up. Special thanks to visitor Joan who helped set up and tidy up. J.C.

A TRIBUTE TO JEANETTE

Back in February 1995 an idea was formed to start a Day Club in Port Vincent under the banner of the RSL and Veteran Affairs.

An enthusiastic bunch of volunteers including Muriel B and Shirley A started training sessions.

On April 24 1995 the first meeting of the Blue Bush Club was held at the old RSL Hall on Marine Parade. On that date Jeanette joined the club and has remained a member ever since.

Jeanette has held the position of coordinator and secretary/treasurer over many years. In February this year Jeanette decided it was time to retire from her role as coordinator and become just a member and so an era has end-

ed.

The club presented Jeanette with a thank you card and a voucher.

Member, 91-year-old Sylvia addressed the meeting and presented a tribute speech to Jeanette on behalf of all members. It reads as follows -

"It is my pleasure this morning to congratulate you Jeanette on your endearing leadership of our Port Vincent Blue Bush Club.

Jeanette has given her all for the past 23 years becoming president and secretary/treasurer during that time. She has lead in every aspect of our club, passing on her skills with love and encouragement - quite often surprising us with the ideas she has offered - especially with craft and beautiful card making.

Thank you so very much Jeanette for all you have given - time, help, leadership, transport and money. Your ideas, beautiful birthday cakes, amazing floral arrangements, bouquets, sprays - all our delicious sponges, beautifully decorated birthday cakes and food for all tastes.

So many memories we have to cherish. Time now for you to sit back and relax. God's Blessings for continued good health and every happiness.

We look forward to your continued company always.

I would like you to receive this small gift with much love and thanks from all members.

THANK YOU."

Members all joined in with a round of applause and a vocal thank you.

Club members mourned the passing away of past member Ann Sanders in February. Ann joined the club in March 2000 and because of illness left the club in 2015. She was a much loved member and friend to many.

Ann was our exercise lady and would show us how to keep fit with interesting games and movements - good for both body and mind.

Ann also showed us relaxation techniques to wind down after our exercises.

The club sent sympathies to Ray, Ann's long time partner in the form of a bereavement card which was delivered by Jeanette, Eva and Robbie.

The Club would like to welcome some new members. Please call in to the Institute supper room any second or fourth Monday of the month. We promise you will have lots of fun and laughter and some very good fellowship. Hope to see you soon.

TIDY TOWNS REPORT

With the coming to an end of the holiday period at Pt Vincent I have decided to provide the report prepared by our Chairman Trevor Treis that highlights our activities over the summer.

1. All trees provided by Council and donated have been planted and appear to be going well.
2. Bennett Park looking good thanks especially to efforts of Chris Tschirpig and David Harding.
3. Three new remanufactured recycling bins are now in use. One additional bin has been purchased. We have also purchased 5 60l bins to be used for our household recycling.
4. Applications now open for SAFCOM Grant. (Applying for new pump for large water cart.)
5. Barbeque located at playground at Back Beach has now been repaired.
6. Ongoing recycling – John Francis has been tireless in his collection and cartage of recycled product. Trevor Thomas and Rod Anderson have given much support.
7. Grahame Pike has been persistent and diligent in his cleaning of the tables and chairs located on the foreshore and Vanessa Germein at cleaning barbeques. John Buttfeld has kept the Shelter area near the Kiosk clean. John Hall, Ron Griffiths, John Curnow, Chris Tschirpig and Rob Anderson have been responsible for our successful watering program.
8. Maintenance of the walkways around town are ongoing. Thanks go to Chris Tschirpig, Grahame Pike, Rod Anderson and John Hall for their efforts.
9. White posts around town are currently being painted to beautify the town.
- 10 A very productive and successful period and thanks go to all that assisted.
- 11 John Francis and Rob Searle are currently doing maintenance on all equipment.

Supplied by Trevor Treis

Also the recycling crew have been extremely busy on some occasions but have done a marvellous job over this very hectic period. ***With the onset of cooler weather we can all take a step back and recharge for the next busy period.***

What's Happening in U3AYP

The third term of the 2017-2018 financial year is racing by and U3AYP members are busy enjoying courses offered.

Course News

Visiting Cemeteries – keep in mind when attending this course, a cemetery is not always the venue. This topic covers many varied and interesting subjects. Recently a most exceptional course was presented by a member in Minlaton on the “Death Marches of Sandakan”. This significant event happened in WW2 in Borneo and is not very well known. Many Australian and some English soldiers were killed by Japanese after the fall of Singapore. Following this session a scrumptious lunch was held at the Friendship Café. The attendees then travelled to Bublacowie for the 2nd part of the course which was a presentation by Chris Oars MBE.

Knowing More About Your Library— This is another very interesting and engaging topic which is held once a term at Minlaton. Rick Cook leads this session and always presents great topics and ideas.

Brain Games – A game that continues to gain momentum is Mah Jong, which is played in several towns including Minlaton, on the second Friday of each month in term time. Please keep in mind if there were enough members living in Port Vincent who wished to play Mah Jong it would certainly be considered. Playing with the real tiles with fellow members is so much more engaging and challenging than the computer format.

We welcome your interest and enquiries about joining, or if you have any questions please contact one of the following people for more information.

Coast Guard Flotilla 10

3 assists since last report.

A phone call regarding a kayak seen drifting out at sea, no one aboard. Seahound despatched with 2 crew to search for kayak which was located. A search in the immediate area commenced for the kayaker. Then a phone call to say the owner was on the beach – his kayak had drifted out after he came ashore for a rest. Kayak was “rafted” in to marina.

Another call to Coast Guard SAF10 re boat has broken away from a northern pontoon and is drifting in Marina? Seahound and 2 crew arrive at ramp, to be advised that the boat was retied firmly to its pontoon. Stood down.

A 3.7m “tinnie” with 2 pob, 8 kms out from Stansbury, unable to restart motor, requires assistance. Orontes Star and crew prepare to leave when another call comes in from CG Ops. Capt. that boat has restarted his motor and on way in. Stood down. This makes 12 assists for the year so far for 21 p.o.b.

CG SAF10 has had donated a “Framed Australian Cricket Team Shirt” for fund raising. A raffle is to be raised and tickets sold now. Tickets are \$2 each. To be drawn on 30th June 2018. More on this next Focal Point issue.

A Prayer for Easter Day

God of the cross and resurrection, Father of Christ our Saviour, through whom we are washed of sin to gain eternal life, you have called forth forever light out of sinful darkness; as the night of death has been defeated and resurrection's light shows me the way to eternal life. May Jesus always be worshiped as King of Kings and Lord of Lords. Amen.

"God of all things old and things new, Of precious memories and exciting hopes
Help us to complete this old phase of our life, And to begin the new - in the peace, joy,
and the courage to be. Which is your personal gift to all who will receive it, Through
Christ Jesus,

Dental disease in Cats and Dogs

G'day everyone, we hope you had an enjoyable Easter break. First of all, our biggest congratulations to Lyndall and her husband Tom on the birth of their son Jake. Measuring 8 pounds 11 ounces and 52cm, he makes a welcome addition to the Vet 2 You family. Mum and baby are both doing well and are very thankful for all the well-wishes that have been received.

Now, onto a sweet matter of a different kind! With all the chocolate consumption over Easter, it's no wonder that many people find themselves in need of a dentist. But did you know that cats and dogs also require dental health checks? We find that dental disease is one of the most overlooked areas of pet health by owners. Many people will assume dental disease is simply "doggy breath" or a normal part of aging. Some breeds are more affected than others; for example in dogs we often see problems with smaller breeds with crowded mouths such as chihuahuas, poodles, Maltese terriers and shihtzus. In fact, over 80% of all cats and dogs over 3 years of age already demonstrate significant dental disease which can hugely affect quality of life, but thankfully there is lots we can do to prevent and treat this disease.

Dental disease in cats and dogs follows a similar progression seen in people, whereby a bacterial film forms on teeth that eventually forms plaque. If left, plaque will mineralise to form a very hard material called calculus. One of the first signs of dental disease that owners commonly notice is bad breath, or 'halitosis', which is due to the bacterial growth. This causes inflammation of the adjacent gums known as 'gingivitis', which is painful to the animal. Usually dental disease has to be very severe before we see advanced signs such as salivation, avoidance of hard treats, or going off food.

The easiest way to prevent dental disease in our pets is to feed them a hard food diet (dry kibble). These aid to scratch down plaque before it is able to form calculus. Frequent dental chews such as Greenies are also very useful and proven to be effective.

We tend not to recommend chewing bones for dental health, as these often cause tooth fractures, oral injuries, or may be swallowed causing a gastrointestinal obstruction. There are also pre-

scription diets available, such as Royal Canin

Dental or Hills t/d, that have been specially formulated to be the optimal size and texture to remove plaque from the tooth surface.

Along with a good diet, the absolute best way to prevent dental disease is with toothbrushing. This might sound silly, but many owners are able to train their pets to accept brushing their teeth, especially when trained from a young age. You can use either a soft thimble toothbrush, or a children's toothbrush. Toothpaste isn't necessary, although you can purchase flavoured veterinary toothbrushes that may make the process more appealing. Important to remember is to never use human toothpaste, as this is toxic to pets. There are also veterinary mouth rinses that help reduce the number of bacteria that adhere to the tooth surface, although these do not replace a good diet and regular tooth brushing.

Unfortunately once the plaque has solidified into calculus, home remedies are unable to provide sufficient treatment. While thick calculus can be easily cracked off, this does nothing to correct the disease occurring under the gum out of sight. At this stage, the cat or dog will require a veterinary dental procedure. This entails a general anaesthetic and full oral exam that most pets will not tolerate while awake. Each tooth will be probed for hidden pockets, scaled using a mechanical scaler, and polished to smooth the surface. At this time, if any tooth is found to have excessive pocketing or root exposure, it will be safely extracted while under general anaesthetic. If this is the case, the animal will receive a lignocaine nerve block and post-operative pain similar to what is used in human dental medicine. It might sound drastic, but almost inevitably in an animal's lifetime they will require some dental intervention, if not several. Not bad if you consider that us humans should be visiting the dentist every 6 months!

During a routine consultation at Vet 2 You, we will check your pets mouth for any signs of dental disease as we know that the problem may be quite advanced before it becomes obvious to owners.

If you have any concerns, you are welcome to contact us to make an appointment, likewise if you are interested in any of the products discussed in this article please contact reception for further information.

We are happy to help with all your enquiries by **contacting us on 8853 7273.**
