RECONFIGURE EXISTING  
SITE ENTRY WITH HARD  
PAVING AND KERB

RETAIN EXISTING TOILET  
INFRASTRUCTURE AND  
UPGRADE AMENITIES

## ELEMENTS & PRECEDENT IMAGERY

- 1 MEMORIAL SPACE**  
Retain existing Memorial statue and incorporate area into new design. Connections created across the Reserve form a commemorative relationship to the Memorial.
- 2 MEMORIAL WALK**  
New paved path with feature information markers. Each end showcases a sculptural totem piece highlighting the walk to and from the Memorial. This structured path also provides seating nodes for rest and points of interest.
- 3 RUNNING/WALKING TRACK**  
New compacted rubble path network that connects various zones and loops the Reserve. Track incorporates signage/markers to aid avid runners and indicate distances along the way.
- 4 TREE AVENUE**  
Large, shade trees spaced evenly along the Memorial walk to complement the surrounding landscape and adjacent plantings.
- 5 NATIVE REVEGETATION ZONES**  
Native shrubs, grasses and trees used to accentuate local flora and endemic species for the area.
- 6 AMPHITHEATRE**  
Low raised seating to accommodate existing fall of landscape and create unstructured play and seating opportunities.
- 7 BMX PUMP TRACK**  
Bike track on existing flat zone with mounds, bumps and ramps encouraging active play for various ages.
- 8 NATURE PLAY**  
Natural creek bed area with rocks, logs, natural gravels and timber play towers to create unstructured and explorative nature-based play opportunities for kids.
- 9 SHELTERED AMENITIES**  
Situated amongst active areas of the Reserve, these zones provide a rest stop and picnic area for park users. Large fixed shelters cover amenities including picnic tables and benches, drinking fountains, bins and BBQs.
- 10 OPEN GREEN SPACE**  
Large irrigated oval allowing for greater number of sport activities and community events inc. local fairs/markets.
- 11 FITNESS ZONE**  
Encouraging upper body and mobility strength with exercise equipment for various ages. Installation of some equipment included specifically for senior use.
- 12 ADVENTURE PLAY**  
New play equipment to suit active and adventurous play experiences. This zone uses barkchip to provide adequate softfall under play elements.
- 13 CARPARKS**  
Bitumised carparks located within close proximity to amenities/park features.
- 14 ACCESS ROAD**  
Bitumised road connecting both parking lots along the western side of the reserve. This road provides access to adjacent sheds and facilities inc. Bows club and Tennis courts. These are closed to the public and accessed via lockable boom gates.
